

SFG-CDFW-NOAA-TNC Crabs, HABs, and whales meeting
Monday, November 4th, 2019
UC Santa Barbara, Marine Science Institute (MSI) 3322

Remote participants: <https://ucsb.zoom.us/j/838020211>

Attendees:

SFG: Darcy Bradley, Chris Free, Lee Qi (remote, AM only)

CDFW: Julia Coates, Sonke Mastrup (remote)

NOAA: Elizabeth Becker, Karin Forney

NWFSC: Owen Liu (remote), Jameal Samhuri (traveling)

TNC: Jono Wilson, Lyall Bellquist (after 1pm),
Jenn Humberstone (remote), Kate Kauer (remote)

Before the meeting, Chris will circulate a document describing the management strategy evaluation framework and any preliminary results in detail.

Morning (SFG + TNC + CDFW)

- **9:00-9:15** Coffee and introductions
- **9:15-9:30** TNC presents an overview of their climate-ready fisheries strategy
- **9:30-10:00** SFG presents management strategy evaluation framework
- **10:00-11:00** Discuss viable alternative management strategies
- **11:00-11:30** Discuss gathering information on management costs
- **11:30-12:00** Identify next steps

Lunch break: 12:00-1:00

Afternoon (SFG + TNC + NOAA)

- **1:00-1:15** Coffee and introductions
- **1:15-1:30** TNC presents an overview of their climate-ready fisheries strategy
- **1:30-2:00** SFG presents management strategy evaluation framework
- **2:00-2:30** NOAA presents humpback species distribution models
- **2:30-3:30** Discuss current and alternative management strategies (+simulation)
- **3:30-4:00** Identify next steps

Directions to campus

Call **Chris** at **610-999-4732** if you have any problems.

You can park in “UC Santa Barbara, Lot 6” in the “Coastal Access” section which abuts the ocean. You’ll have to pay for parking at the machine at the north end of the lot and leave the receipt on the dashboard of your car.

We will meet in Room 3322 (3rd floor conference room) of the Marine Science Institute (MSI) north of the parking lot.
